Dear Ms Fratus,

This letter is written in response to a certified letter we received on July 29, 1988, from Mr. Merrill Hohman, Director of Waste Management, EPA Region #1 regarding the Landfill & Resource Recovery super fund site in North Smithfield, R.I.

After extensive research of our records and interviews with all employees that could have some knowledge regarding the use of this landfill, we have found no evidence to indicate that we used this landfill for the disposal of hazardous waste.

In light of these findings, we deny any responsibility or involvement with this super fund site.

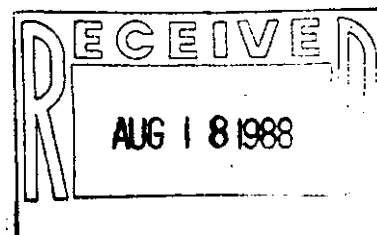

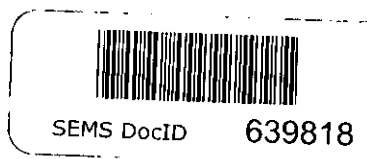

Please contact me directly if you require any additional information.

Sincerely,
G. M. GANNON COMPANY, INC.
